

## Easy Installation Fireclay Brick With High Fire Resistance And Durable Al<sub>2</sub>O<sub>3</sub> Content

### Our Product Introduction

for more products please visit us on [bricksrefractory.com](http://bricksrefractory.com)

#### Basic Information

- Place of Origin: Zhengzhou, Henan, China
- Brand Name: Rongsheng Xinwei
- Certification: ISO Certification
- Model Number: SK-30, SK-32, SK-34, SK-35
- Minimum Order Quantity: 1 Ton
- Price: 200-800 USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 10-20 Days
- Payment Terms: TT; L/C
- Supply Ability: 2000 tons /month

#### Product Specification

- Flexural Strength: High
- Efractoriness: 1750
- Color: Yellow
- Texture: Smooth
- Al<sub>2</sub>O<sub>3</sub> Content: ≥38%
- Weight: 2 Kg
- Durability: Long-lasting
- Fire Resistance: Yes
- Highlight: **Durable Fireclay Brick,  
High Fire Resistance Fireclay Brick,  
Al<sub>2</sub>O<sub>3</sub> Content Fireclay Brick**

## Product Description

### Product Description:

Our Low porosity fireclay bricks are known for their superior performance in high-temperature environments. These bricks can withstand extreme high temperature conditions and will not degrade or crack due to temperature changes, ensuring a long-lasting and reliable construction solution.

With a smooth surface and a bright yellow color, these fireclay bricks add aesthetic appeal to any project. The smooth texture of the bricks allows for easy installation and improved structural integrity, ensuring a seamless and sturdy construction process.

Our fireclay bricks are available at an affordable price, making them a cost-effective solution for your construction needs. With their superior quality and durability, these bricks are a wise investment for any project.

As a leading supplier of fireclay bricks, we take pride in offering high-quality products that meet the needs of our customers. We provide fireclay bricks in a variety of sizes and quantities, ensuring that you get the right amount of bricks for your project.

Whether you are looking for fireclay bricks for your fireplace, oven, kiln, or furnace, we have the perfect solution for you. Contact us today to learn more about our fireclay brick products and pricing.

### Features:

Product Name: Fireclay Brick

Size: 230x114x65mm

Fire Resistance: Yes

Color: Yellow

Durability: Long-lasting

Al<sub>2</sub>O<sub>3</sub> Content: ≥38%

This fireclay refractory brick is designed to withstand extreme temperatures and harsh conditions, making it ideal for industrial and commercial use.

### Technical Parameters:

Product Name:	Rongsheng Best Price Refractory Fireclay High Performance Low Porosity Fireclay Bricks For Glass Kiln
Color:	Yellow
Weight:	2 Kg
Texture:	Smooth
Al <sub>2</sub> O <sub>3</sub> Content:	≥38%
Efractoriness:	1750
Mgo Content:	0.5-1.5%
Surface:	Smooth
Maintenance:	Low
Alkali Resistance:	High

Looking for a reliable **fireclay brick tile** ? Check out our **fire clay brick for sale** ! Our product is made of high-quality materials, ensuring **high performance** and **low porosity** for your glass kiln.

### Applications:

Fireclay brick tiles are perfect for lining the interior walls of kilns, furnaces, and other high-temperature environments. The tiles are smooth and easy to install, providing a seamless surface that is resistant to high temperatures. The fireclay brick tiles are available in different sizes, including 230x114x65mm, and can withstand temperatures of up to 1750 degrees Celsius.

Rongsheng Xinwei Fireclay Brick is an ISO certified product that is manufactured in Zhengzhou, Henan, China. The minimum order quantity is 1 ton, and the price ranges from 200-800 USD per ton. The payment terms include TT and L/C, and the supply ability is 2000 tons per month. The delivery time is 10-20 days, and the fireclay bricks are packed on wooden pallets, with a waterproof cover, and tightened with plastic/steel bandages.

Fireclay brick is widely used in various industries and applications. It is the perfect material for constructing high-temperature environments such as furnaces, kilns, fireplaces, and chimneys. The smooth surface of the fireclay brick tiles makes them ideal for lining the interior walls of these high-temperature environments, providing excellent insulation and protection against the heat.

Overall, Rongsheng Xinwei Fireclay Brick is a reliable and efficient building material for high-temperature applications.

With its excellent mechanical properties, high flexural strength, and smooth surface, it is the perfect choice for constructing furnaces, kilns, fireplaces, and other high-temperature environments.

## **Support and Services:**

Our Fireclay Brick product comes with comprehensive technical support and services:

- Assistance with product selection and application
- On-site consultation and inspection
- Customized product development
- Training and education on proper installation and maintenance
- Technical troubleshooting and problem-solving

## **Packing and Shipping:**

### **Product Packaging:**

Our fireclay bricks are carefully packaged to ensure they arrive at your doorstep in excellent condition. Each brick is individually wrapped in protective material and then placed in a sturdy cardboard box. The boxes are then stacked on a pallet and wrapped with plastic wrap to prevent any movement during transportation.

### **Shipping:**

We offer worldwide shipping for our fireclay bricks. The shipping cost will vary depending on your location and the quantity of bricks ordered. We work with trusted shipping partners to ensure your order is delivered safely and on time. Once your order is shipped, we will provide you with a tracking number so you can easily track its progress.

## **FAQ:**

### **Q1: What is the brand name of the fireclay brick?**

A1: The brand name of the fireclay brick is Rongsheng Xinwei.

### **Q2: What are the different models of fireclay bricks available?**

A2: The different models of fireclay bricks available are SK-30, SK-32, SK-34, SK-35.

### **Q3: What certifications does the fireclay brick have?**

A3: The fireclay brick has ISO certification.

### **Q4: Where is the fireclay brick manufactured?**

A4: The fireclay brick is manufactured in Zhengzhou, Henan, China.

### **Q5: What is the minimum order quantity for the fireclay brick?**

A5: The minimum order quantity for the fireclay brick is 1 ton.

### **Q6: What is the price range of the fireclay brick?**

A6: The price range of the fireclay brick is between 200-800 USD.

### **Q7: What are the payment terms for the fireclay brick?**

A7: The payment terms for the fireclay brick are TT and L/C.

### **Q8: What is the supply ability of the fireclay brick?**

A8: The supply ability of the fireclay brick is 2000 tons/month.

### **Q9: What is the delivery time of the fireclay brick?**

A9: The delivery time of the fireclay brick is 10-20 days.

### **Q10: How is the fireclay brick packaged?**

A10: The fireclay brick is packaged on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
