

Low Permanent Linear Change Alumina Silica Refractory Brick For Industrial Furnaces

Our Product Introduction

for more products please visit us on bricksrefractory.com

Basic Information

- Place of Origin: Zhengzhou ,China
- Brand Name: Rongsheng Xinwei
- Certification: ISO9001
- Model Number: Rongsheng
- Minimum Order Quantity: 1 Ton
- Price: 200-800USD
- Packaging Details: packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 20-30DAYS
- Payment Terms: TT; L/C
- Supply Ability: 2000tons /month

Product Specification

- Volume Density: $\geq 2.20\text{g/cm}^3$
- Extended Kiln Life: Yes
- Strength: High
- Packing: Wooden Pallet, Carton, Etc.
- Service Temperature: High
- Product Name: Rongsheng Factory Price High Temperature Refractory Alumina Silica Fire Brick For Cement Plant
- Refractoriness: 1580-1790°C
- Color: White, Yellow, Brown, Etc.
- Highlight: **Industrial Furnaces Refractory Brick, Industrial Furnaces Alumina Silica Refractory Brick**

Product Description

Product Description:

The shape type of our bricks is a standard straight shape, but we can also provide customized shapes to fit your specific needs. Our high alumina silica bricks are made from a combination of high-quality alumina and silica, resulting in a product that is both durable and long-lasting.

Our bricks are carefully packed to ensure they arrive at your location in perfect condition. We offer a variety of packing options, including wooden pallets, cartons, and more.

If you're looking for a high-quality, reliable source for high alumina silica bricks, look no further than Rongsheng Factory Price High Temperature Refractory Alumina Silica Fire Brick For Cement Plant. Contact us today to learn more about our products and how we can help you meet your industrial needs.

Features:

Product Name: Alumina Silica Refractory Bricks
Product Category: High Alumina Refractory Bricks
Compressive Strength: 50-100 MPa
Volume Density: $\geq 2.20\text{g/cm}^3$
Condition: Brand New
Permanent Linear Change: Low

This alumina silica refractory brick is a high-quality product offered by Rongsheng alumina silica brick supplier.

Technical Parameters:

Shape Type	Standard Straight Shape
Shape	Standard, Customized
Packing	Wooden Pallet, Carton, Etc.
Product Name	Rongsheng Factory Price High Temperature Refractory Alumina Silica Fire Brick For Cement Plant
Features	High Working Temperature, Good Thermal Shock Resistance, Extended Kiln Life
Flexural Strength	$\geq 10\text{MPa}$
Compressive Strength	50-100 MPa
Strength	High

As an alumina silica brick supplier, Rongsheng offers high alumina silica brick with high working temperature, good thermal shock resistance, and extended kiln life. Its flexural strength is $\geq 10\text{MPa}$, and it has a compressive strength of 50-100 MPa. This high strength refractory brick is available in both standard and customized shapes and is packed in wooden pallets, cartons, etc. Its standard straight shape makes it an ideal choice for cement plants and other high-temperature applications.

Applications:

The Rongsheng Alumina Silica Refractory Bricks are certified by ISO9001, ensuring that they are of the highest quality. They are made in Zhengzhou, China, and have a minimum order quantity of 1 ton. The price of the product ranges from 200-800USD, depending on the quantity ordered. Payment terms are TT and L/C, and the product has a supply ability of 2000 tons/month. Delivery time is typically 20-30 days, and the product is packaged on wooden pallets with a waterproof cover and tightened with plastic/steel bandages.

The product is incredibly versatile and can be used in a variety of scenarios. It is perfect for use in furnace linings, kiln linings, and other high-temperature environments. The product is designed to withstand high temperatures without degrading, making it perfect for use in industrial facilities. The product is available in standard shapes, but can also be customized to meet specific needs.

The Rongsheng Xinwei Alumina Silica Refractory Bricks are incredibly strong and durable, making them perfect for use in a variety of industrial applications. They are designed to withstand high temperatures and are perfect for use in furnaces, kilns, and other high-temperature environments. The product is certified by ISO9001 and is made in Zhengzhou, China. With a minimum order quantity of 1 ton and a price range of 200-800USD, this product is perfect for businesses of all sizes.

Support and Services:

The Alumina Silica Refractory Bricks product technical support and services include:

- Assistance with selecting the appropriate refractory brick type and size for your specific furnace application.
- Guidance on installation and maintenance of the refractory bricks to ensure optimal performance and longevity.
- Troubleshooting and problem-solving support to address any issues or challenges that may arise during use.

- Technical documentation and resources, such as product datasheets and safety information, to support safe and effective usage of the refractory bricks.

Packing and Shipping:

Product Packaging: The Alumina Silica Refractory Bricks are packed securely in wooden crates to ensure safe transportation and delivery. Each crate contains 50 bricks and is wrapped with plastic sheets to protect against moisture and damage.

Shipping: We offer both sea and air freight options for shipping the Alumina Silica Refractory Bricks. The delivery time and cost may vary depending on the destination and preferred shipping method. Please contact us for further information and details on shipping and delivery.

FAQ:

Q: What is the brand name of the Alumina Silica Refractory Bricks?

A: The brand name is Rongsheng Xinwei.

Q: What is the model number of the Alumina Silica Refractory Bricks?

A: The model number is Rongsheng.

Q: Is the product certified?

A: Yes, the product is certified with ISO9001.

Q: Where is the place of origin for the Alumina Silica Refractory Bricks?

A: The place of origin is Zhengzhou, China.

Q: What is the minimum order quantity for the Alumina Silica Refractory Bricks?

A: The minimum order quantity is 1 ton.

Q: What is the price range for the Alumina Silica Refractory Bricks?

A: The price range is between 200-800USD.

Q: What are the payment terms for the Alumina Silica Refractory Bricks?

A: The payment terms are TT and L/C.

Q: What is the supply ability per month for the Alumina Silica Refractory Bricks?

A: The supply ability is 2000 tons per month.

Q: How long is the delivery time for the Alumina Silica Refractory Bricks?

A: The delivery time is between 20-30 days.

Q: How are the Alumina Silica Refractory Bricks packaged?

A: The Alumina Silica Refractory Bricks are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
