

Brown High Alumina Silica Brick With High Compressive Strength 50-100 MPa For Kilns

Our Product Introduction

for more products please visit us on bricksrefractory.com

Basic Information

- Place of Origin: Zhengzhou ,China
- Brand Name: Rongsheng Xinwei
- Certification: ISO9001
- Model Number: Rongsheng
- Minimum Order Quantity: 1 Ton
- Price: 200-800USD
- Packaging Details: packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 20-30DAYS
- Payment Terms: TT; L/C
- Supply Ability: 2000tons /month

Product Specification

- Shape: Standard, Customized
- Packing: Wooden Pallet, Carton, Etc.
- Color: White, Yellow, Brown, Etc.
- Refractoriness: 1580-1790°C
- Extended Kiln Life: Yes
- Compressive Strength: 50-100 MPa
- Shape Type: Standard Straight Shape
- Permanent Linear Change: Low
- Highlight: **Brown High Alumina Silica Brick, Kilns High Alumina Silica Brick**

Product Description

Product Description:

Our high quality refractory bricks come in a variety of packing options, including wooden pallet and carton, to meet your specific needs and preferences.

One of the key features of our alumina silica brick is its high flexural strength. With a minimum strength of 10MPa, it can withstand the pressures of high-temperature environments without cracking or breaking.

In addition to its strength, our alumina silica brick also has a high refractoriness, with a range of 1580-1790°C. This makes it an ideal choice for a variety of industrial applications where high working temperatures are required.

So if you're in need of a reliable and efficient alumina silica brick supplier, look no further than Rongheng Refractory Alumina Silica Refractory Brick. With our high-quality materials and trusted performance, you can count on us to provide the products you need for your operations to run smoothly.

Features:

Product Name: Alumina Silica Refractory Brick

Extended Kiln Life: Yes

Color: White, Yellow, Brown, Etc.

Strength: High

Shape Type: Standard Straight Shape

Volume Density: $\geq 2.20\text{g/cm}^3$

Material: Alumina Silica Refractory Brick

Also known as: Alumina Silica Brick, Alumina Silica Fire Brick

Technical Parameters:

Technical Parameter	Value
Product Name	Rongsheng Factory Price High Temperature Refractory Alumina Silica Fire Brick For Cement Plant
Alumina Silica Refractory Brick Supplier	Rongsheng
Compressive Strength	50-100 MPa
Shape	Standard, Customized
Refractoriness	1580-1790°C
Feature	Good Thermal Shock Resistance
Condition	Brand New
Packing	Wooden Pallet, Carton, Etc.
Alumina Silica Brick	Yes
Strength	High
Features	High Working Temperature
Extended Kiln Life	Yes

Applications:

Our factory price high temperature refractory alumina silica fire brick is designed specifically for use in cement plants, where high working temperatures and strength are essential. With a service temperature of up to 1700°C and high thermal stability, our alumina silica fire brick is the perfect choice for any cement plant looking to maintain consistent performance and reliability.

Our alumina silica fire brick is available for order in quantities as small as 1 ton, with a price range of \$200-800USD per ton. We accept a variety of payment terms, including TT and L/C, and have a supply capacity of up to 2000 tons per month. Delivery time typically takes 20-30 days, and our packaging is designed to ensure safe transport and storage, with bricks packed on wooden pallets, covered with a water-proof cover, and tightened with plastic/steel bandages.

Whether you're looking for high-quality refractory bricks for your cement plant or other industrial application, Rongsheng Xinwei has you covered. Contact us today to learn more about our alumina silica fire brick and how it can benefit your business.

Support and Services:

Our Alumina Silica Refractory Brick are designed to withstand high temperatures and harsh environments in various industrial applications. We offer technical support and services to ensure optimal performance and longevity of our products. Our team of experts can provide guidance on installation, maintenance, and troubleshooting. We also offer customized solutions to meet specific requirements of our customers. Contact us to learn more about our technical support and services.

Packing and Shipping:

Packing:

The Alumina Silica Refractory Brick are packaged in wooden crates with protective padding to ensure safe transport and delivery.

Shipping:

We offer shipping worldwide using reliable and efficient shipping companies. Delivery times and costs will vary depending on the destination and quantity ordered.

FAQ:

Q: What is the brand name of the Alumina Silica Refractory Bricks?

A: The brand name is Rongsheng Xinwei.

Q: What is the model number of the Alumina Silica Refractory Bricks?

A: The model number is Rongsheng.

Q: Is the product certified?

A: Yes, the product is certified with ISO9001.

Q: Where is the place of origin for the Alumina Silica Refractory Bricks?

A: The place of origin is Zhengzhou, China.

Q: What is the minimum order quantity for the Alumina Silica Refractory Bricks?

A: The minimum order quantity is 1 ton.

Q: What is the price range for the Alumina Silica Refractory Bricks?

A: The price range is between 200-800USD.

Q: What are the payment terms for the Alumina Silica Refractory Bricks?

A: The payment terms are TT and L/C.

Q: What is the supply ability per month for the Alumina Silica Refractory Bricks?

A: The supply ability is 2000 tons per month.

Q: How long is the delivery time for the Alumina Silica Refractory Bricks?

A: The delivery time is between 20-30 days.

Q: How are the Alumina Silica Refractory Bricks packaged?

A: The Alumina Silica Refractory Bricks are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
