# 230x114x65mm Standard Size Acid Resistant Brick With Anti Bending Strength ≥58.8 Mpa

## **Basic Information**

Place of Origin:	Zhengzhou ,China
Brand Name:	Rongsheng Xinwei
Certification:	ISO9001
Model Number:	Rongsheng
Minimum Order Quantity:	1 Ton
Price:	200-800USD
Packaging Details:	Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
Delivery Time:	20-30DAYS
Payment Terms:	TT; L/C
Supply Ability:	2000tons /month

## **Product Specification**

Company Profile:	Henan Rongsheng Xinwei New Materials Research Institute Co., Ltd., Headquartered In Zhengzhou City, Henan Province, Is Affiliated To Henan Rongsheng Refractory Group. It Is A National High-tech Enterprise Integrating R&D, Production And Technical Services
• Sizes Available:	150x75x15mm, 150x75x20mm, 150x75x30mm, 150x150x15mm, 150x150x20mm, 150x150x30mm, 200x200x15mm, 200x200x20mm, 200x200x30mm, 300x300x15mm, 300x300x20mm, 300x300x30mm, 230x113x15mm, 230x113x20mm, 230x113x30mm, 230x113x40mm, 230x113x65mm
Bulk Density:	2.31-2.4 G/cm3

#### **Product Description:**

Our acid resistant bricks are available in a variety of sizes, including 150x75x15mm, 150x75x20mm, 150x75x30mm, 150x150x15mm, 150x150x20mm, 150x150x30mm, 200x200x15mm, 200x200x20mm, 200x200x30mm, 300x300x15mm, 300x300x20mm, 300x300x30mm, 230x113x15mm, 230x113x20mm, 230x113x30mm, 230x113x40mm, and 230x113x65mm. We also offer custom sizes to meet your specific needs.

Our acid proof brick products are designed with superior high-temperature performance, making them ideal for use in the metallurgical industry. They also have excellent thermal shock resistance, which means they can withstand sudden changes in temperature without cracking or breaking. Additionally, our Furnace Refractory Bricks have low water absorption and high mechanical strength, making them a reliable choice for construction and environmental protection projects.

Our acid resistant lining products have been tested for thermal stability and have been proven to withstand temperatures ranging from 130 to -20 without cracking, exfoliating, or experiencing any other damage. This makes our acid proof brick products a dependable choice for use in the power industry.

Whether you need acid resistant lining for your chemical plant, metallurgical facilities, or construction projects, our Furnace Refractory Bricks are the perfect solution. Contact us today to learn more about our acid proof brick products and to place your order.

#### Features:

Product Name: Acid Resistant Bricks Packing & Delivery: Wooden pallets with plastic film or according to your request Sizes Available: 150x75x15mm 150x75x20mm 150x75x30mm 150x150x15mm 150x150x20mm 150x150x30mm 200x200x15mm 200x200x20mm 200x200x30mm 300x300x15mm 300x300x20mm 300x300x30mm 230x113x15mm 230x113x20mm 230x113x30mm 230x113x40mm 230x113x65mm

#### Applications:

Chemical Industry Metallurgical Industry Construction and Environmental Protection Power Industry Product Category: Furnace Refractory Bricks Manufacturer: Rongsheng Refractory Factory

As acid resistant bricks exporters, we also offer anti acid ceramic tiles and acid proof brick.

### **Technical Parameters:**

Applic ations	Chemical Industry, Metallurgical Industry, Construction and Environmental Protection, Power Industry

Packi ng & Delive ry	Wooden pallets with plastic film or according to your request
Produ ct Descri ption	As a leading manufacturer of refractory materials, Rongsheng Refractory Factory specialize in producing high- quality acid refractory bricks for more than 20 years, widely used in industries such as chemical, metallurgy, power, and construction. Our acid resistant lining are renowned for their excellent acid resistance and high- temperature performance, making them essential in harsh environments where stable physical properties are crucial.
Key Featur es and Advan tages	Exceptional Acid Resistance, Superior High-Temperature Performance, Excellent Thermal Shock Resistance, Low Water Absorption, High Mechanical Strength
Manuf acture r	Rongsheng Refractory Factory
Sizes Availa ble	150x75x15mm, 150x75x20mm, 150x75x30mm, 150x150x15mm, 150x150x20mm, 150x150x30mm, 200x200x15mm, 200x200x20mm, 200x200x30mm, 300x300x15mm, 300x300x20mm, 300x300x30mm, 230x113x15mm, 230x113x20mm, 230x113x30mm, 230x113x40mm, 230x113x65mm
Produ ct Name	Reliable Anti-Corrosion Solution High-Quality Acid Resistant Bricks Affordable Price Furnace Refractory Bricks

## **Applications:**

The anti-acid tiles are made from high-quality materials that are resistant to acid and other corrosive substances. They have a bulk density of 2.31-2.4 g/cm<sup>3</sup>, and an anti-bending strength of  $\geq$ 58.8 Mpa. The acid-resistant bricks are ideal for use in harsh environments where traditional bricks would deteriorate quickly.

The Rongsheng Furnace Refractory Bricks are certified under ISO9001, ensuring that they meet international quality standards. They are produced in Zhengzhou, China, and the minimum order quantity is 1 ton. The price of these bricks ranges from 200-800USD, and payment terms include TT and L/C.

The supply ability of Rongsheng Xinwei is 2000 tons per month, and the delivery time is 20-30 days. The bricks are packed on wooden pallets, with a waterproof cover, and tightened with plastic/steel bandages. This ensures that the bricks arrive in perfect condition.

Rongsheng Xinwei is a national high-tech enterprise that integrates R&D, production, and technical services of highperformance refractory new materials. The company is headquartered in Zhengzhou City, Henan Province, and is affiliated with Henan Rongsheng Refractory Group.

In conclusion, Rongsheng Xinwei Furnace Refractory Bricks are a reliable anti-corrosion solution for various applications. They are high-quality, affordable, and perfect for use in acid brick lining systems. Order now and experience the benefits of these acid-resistant bricks!

## Support and Services:

#### Product Technical Support and Services for Furnace Refractory Bricks

Our team of experts is available to provide technical support and services for our Furnace Refractory Bricks. We can assist with product selection, installation, maintenance, and troubleshooting. Our services include:

Technical consultations

On-site inspections and evaluations

Customized refractory solutions

Training and education

Product testing and analysis

Repair and replacement services

We are committed to ensuring that our customers receive the highest level of support and service. Please contact us for any technical or service-related inquiries.

## Packing and Shipping:

Product Packaging: Wrapped in plastic film to prevent moisture and damage during transportation Placed in strong wooden crates Each crate is clearly labeled with the product name, quantity, and dimensions Shipping: Shipped via sea or air transportation Delivery time depends on the destination and shipping method Shipping cost will be calculated based on the weight and volume of the order

#### FAQ:

- Q: What is the brand name of the Furnace Refractory Bricks?
- A: The brand name is Rongsheng Xinwei.
- Q: What is the model number for the Furnace Refractory Bricks?
- A: The model number is Rongsheng.
- Q: Is the product certified?
- A: Yes, the product is certified with ISO9001.
- **Q:** Where is the place of origin for the Furnace Refractory Bricks?
- A: The place of origin is Zhengzhou, China. Q: What is the minimum order quantity for the Furnace Refractory Bricks?
- A: The minimum order quantity is 1 ton.
- Q: What is the price range for the Furnace Refractory Bricks?
- A: The price range is between 200-800USD.
- Q: What are the payment terms for the Furnace Refractory Bricks?
- A: The payment terms are TT and L/C.
- Q: What is the supply ability for the Furnace Refractory Bricks?
- A: The supply ability is 2000 tons/month.
- Q: How long is the delivery time for the Furnace Refractory Bricks?
- A: The delivery time is between 20-30 days.
- Q: How are the Furnace Refractory Bricks packaged?

A: The Furnace Refractory Bricks are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
