

230x114x65mm Standard Size Anti-acid Bricks Furnace Refractory Bricks

Our Product Introduction

for more products please visit us on bricksrefractory.com

Basic Information

- Place of Origin: Zhengzhou ,China
- Brand Name: Rongsheng Xinwei
- Certification: ISO9001
- Model Number: Rongsheng
- Minimum Order Quantity: 1 Ton
- Price: 200-800USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 20-30Days
- Payment Terms: TT; L/C
- Supply Ability: 2000tons /month

Product Specification

- Anti Bending Strength: ≥ 58.8 Mpa
- Sizes Available: 150x75x15mm, 150x75x20mm, 150x75x30mm, 150x150x15mm, 150x150x20mm, 150x150x30mm, 200x200x15mm, 200x200x20mm, 200x200x30mm, 300x300x15mm, 300x300x20mm, 300x300x30mm, 230x113x15mm, 230x113x20mm, 230x113x30mm, 230x113x40mm, 230x113x65mm
- Key Features And Advantages: Exceptional Acid Resistance, Superior High-Temperature Performance, Excellent Thermal Shock Resistance, Low Water Absorption, High Mechanical Strength
- Bulk Density: 2.31-2.4 G/cm³
- Standard Size: 230x114x65mm

Product Description

Product Description:

Our anti-acid bricks are manufactured by Henan Rongsheng Xinwei New Materials Research Institute Co., Ltd., a national high-tech enterprise that specializes in the production and technical services of high-performance refractory new materials. As an affiliate of Henan Rongsheng Refractory Group, we have state-of-the-art production facilities and rigorous quality control systems to ensure that our acid resistant bricks are of the highest quality.

At our company, we take pride in offering competitive acid resistant brick prices without sacrificing quality. Our professional support and after-sales service ensure that you have a seamless experience from start to finish. So why choose anyone else for your anti-acid brick needs?

Features:

Product Name: Anti-acid Bricks

Acid Resistant Degree: $\geq 99.8\%$

Standard Size: 230x114x65mm

Product Category: Furnace Refractory Bricks

Custom Sizes Available: Yes

Key Features and Advantages:

Exceptional Acid Resistance

Superior High-Temperature Performance

Excellent Thermal Shock Resistance

Low Water Absorption

High Mechanical Strength

Looking for acid brick lining or acid resistant tiles manufacturers? Our Anti-acid Bricks Furnace Refractory Bricks are the perfect anti acid tiles solution for your needs!

Technical Parameters:

Product Name:	Reliable Anti-Corrosion Solution High-Quality Acid Resistant Bricks Affordable Price Furnace Refractory Bricks
Manufacturer:	Rongsheng Refractory Factory
Custom Sizes Available:	Yes
Bulk Density:	2.31-2.4 g/cm ³
Water Absorption:	$\leq 0.5\%$
Key Features and Advantages:	Exceptional Acid Resistance, Superior High-Temperature Performance, Excellent Thermal Shock Resistance, Low Water Absorption, High Mechanical Strength
Why Choose Us?:	State-of-the-art production facilities, Rigorous quality control systems, Professional support and after-sales service
Product Description:	As a leading manufacturer of refractory materials, Rongsheng Refractory Factory specialize in producing high-quality acid resistant bricks for more than 20 years, widely used in industries such as chemical, metallurgy, power, and construction. Our acid resistant bricks are renowned for their excellent acid resistance and high-temperature performance, making them essential in harsh environments where stable physical properties are crucial.

Company Profile:	Henan Rongsheng Xinwei New Materials Research Institute Co., Ltd., headquartered in Zhengzhou City, Henan Province, is affiliated to Henan Rongsheng Refractory Group. It is a national high-tech enterprise integrating R&D, production and technical services of high-performance refractory new materials.
Product Category:	Furnace Refractory Bricks

Applications:

The Rongsheng Furnace Refractory Bricks are manufactured by Rongsheng Refractory Factory in Zhengzhou, China. The bricks are available in a range of sizes, including 150x75x15mm, 150x75x20mm, 150x75x30mm, 150x150x15mm, 150x150x20mm, 150x150x30mm, 200x200x15mm, 200x200x20mm, 200x200x30mm, 300x300x15mm, 300x300x20mm, 300x300x30mm, 230x113x15mm, 230x113x20mm, 230x113x30mm, 230x113x40mm, and 230x113x65mm. The bulk density of the bricks ranges from 2.31-2.4 g/cm³.

These acid resistant bricks are perfect for use in a wide range of industrial applications. They are ideal for lining furnaces, kilns, and other high-temperature equipment. The bricks are also commonly used in chemical plants, power plants, and other industrial settings where they are exposed to acids and other corrosive substances.

Thanks to their exceptional acid resistance and superior high-temperature performance, the Rongsheng Furnace Refractory Bricks are a popular choice for those looking for anti acid tiles. They are also a great choice for those looking for acid refractory bricks that are both reliable and affordable.

The Rongsheng Furnace Refractory Bricks are ISO9001-certified, ensuring that they meet the highest quality standards. They are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages. The minimum order quantity is 1 ton, and the price ranges from 200-800USD. Payment terms include TT and L/C, and the supply ability is 2000 tons/month. The delivery time is 20-30 days.

Support and Services:

Furnace Refractory Bricks are high-temperature resistant materials used in industrial furnaces and kilns. Our product technical support and services include:

Expert advice on product selection and application

Customized designs and solutions to meet specific needs and requirements

Technical training and guidance on installation, maintenance, and repair

Quality assurance and testing to ensure the highest standards of performance and durability

24/7 customer support and assistance for any issues or concerns

Packing and Shipping:

Product Packaging:

Our furnace refractory bricks are carefully packed in wooden crates or pallets to ensure they arrive at your location in perfect condition. The bricks are individually wrapped in protective materials to prevent any damage during transit.

Shipping:

We offer both domestic and international shipping options for our furnace refractory bricks. The shipping costs and delivery times will vary depending on your location and the quantity of bricks ordered. Please contact us for a shipping quote and estimated delivery time.

FAQ:

Here are some frequently asked questions about our Furnace Refractory Bricks:

Q: What is the brand name of your Furnace Refractory Bricks?

A: Our Furnace Refractory Bricks are produced by Rongsheng Xinwei.

Q: What is the model number of your Furnace Refractory Bricks?

A: Our Furnace Refractory Bricks have the model number Rongsheng.

Q: Are your Furnace Refractory Bricks certified?

A: Yes, our Furnace Refractory Bricks are ISO9001 certified.

Q: Where are your Furnace Refractory Bricks made?

A: Our Furnace Refractory Bricks are made in Zhengzhou, China.

Q: What is the minimum order quantity for your Furnace Refractory Bricks?

A: The minimum order quantity for our Furnace Refractory Bricks is 1 ton.

Q: What is the price range of your Furnace Refractory Bricks?

A: Our Furnace Refractory Bricks are priced between 200-800USD.

Q: What are the payment terms for your Furnace Refractory Bricks?

A: We accept TT and L/C as payment terms for our Furnace Refractory Bricks.

Q: What is the supply ability of your Furnace Refractory Bricks?

A: Our Furnace Refractory Bricks have a supply ability of 2000 tons per month.

Q: What is the delivery time for your Furnace Refractory Bricks?

A: The delivery time for our Furnace Refractory Bricks is between 20-30 days.

Q: How are your Furnace Refractory Bricks packaged?

A: Our Furnace Refractory Bricks are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
