Basic Information

- Place of Origin: Zhengzhou ,China
- Brand Name: Rongsheng Xinwei
- Certification: ISO9001
- Model Number: Rongsheng
- Minimum Order Quantity: 1 Ton
- Price: 200-800USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 20-30 Days
- Payment Terms: TT; L/C
- Supply Ability: 2000 tons /month

Product Specification

- Packing & Delivery: Wooden Pallets With Plastic Film Or According To Your Request
- Manufacturer: Rongsheng Refractory Factory
- Anti Bending Strength: ≥ 58.8 Mpa
- Product Category: Furnace Refractory Bricks
- Key Features And Advantages: Exceptional Acid Resistance, Superior High-Temperature Performance, Excellent Thermal Shock Resistance, Low Water Absorption, High Mechanical Strength
- Product Description: As A Leading Manufacturer Of Refractory Materials, Rongsheng Refractory Factory Specialize In Producing High-quality Acid Resistant Bricks For More Than 20 Years, Widely Used In Industries Such As Chemical, Metallurgy, Power, And Construction. Our Acid Res

Product Description

Product Description:

With a bulk density of 2.31-2.4 g/cm³, these bricks are incredibly durable and can withstand harsh conditions. They are available in standard size of 230x114x65mm, making them easy to install in any facility. The acid resistant degree of these bricks is $\geq 99.8\%$, making them the perfect choice for facilities where acid resistance is a top priority.

Do you need custom sizes for your facility? No problem! These Acid Resistant Brick Furnace Refractory Bricks can be customized to meet your specific needs.

When it comes to acid resistant bricks price, you won't find a better value than these Acid Refractory Bricks. They are highly durable, long-lasting, and designed to withstand even the toughest conditions.

Features:

Product Name: Acid Refractory Bricks

Water Absorption: $\leq 0.5\%$

Standard Size: 230x114x65mm

Packing & Delivery: Wooden pallets with plastic film or according to your request

Sizes Available:

150x75x15mm

150x75x20mm

150x75x30mm

150x150x15mm

150x150x20mm

150x150x30mm

200x200x15mm

200x200x20mm

200x200x30mm

300x300x15mm

300x300x20mm

300x300x30mm

230x113x15mm

230x113x20mm

230x113x30mm

230x113x40mm

230x113x65mm

Manufacturer: Rongsheng Refractory Factory

Our Acid Refractory Bricks are acid resistant lining and are available in various sizes. We are one of the leading acid resistant tiles manufacturers and wholesale acid proof bricks. Our bricks have a water absorption rate of $\leq 0.5\%$ and come in a standard size of 230x114x65mm. They are packed and delivered on wooden pallets with plastic film or according to your request.

Technical Parameters:

Why choose Us?	State-of-the-art production facilities, Rigorous quality control systems, Professional support and after-sales service
Company Profile	Henan Rongsheng Xinwei New Materials Research Institute Co., Ltd., headquartered in Zhengzhou City, Henan Province, is affiliated to Henan Rongsheng Refractory Group. It is a national high-tech enterprise integrating R&D, production and technical services of high-performance refractory new materials.

Product Category	Furnace Refractory Bricks
Product Name	Reliable Anti-Corrosion Solution High-Quality Acid Resistant Bricks Affordable Price Furnace Refractory Bricks
Manufacturer	Rongsheng Refractory Factory
Product Description	As a leading manufacturer of refractory materials, Rongsheng Refractory Factory specialize in producing high-quality acid refractory bricks for more than 20 years, widely used in industries such as chemical, metallurgy, power, and construction. Our acid resistant bricks are renowned for their excellent acid resistance and high-temperature performance, making them essential in harsh environments where stable physical properties are crucial. We are one of the best acid resistant bricks exporters and suppliers in China, offering the most competitive prices and the highest quality acid brick lining for your projects.
Bulk Density	2.31-2.4 g/cm3
Water Absorption	≤0.5%
Sizes Available	150x75x15mm, 150x75x20mm, 150x75x30mm, 150x150x15mm, 150x150x20mm, 150x150x30mm, 200x200x15mm, 200x200x20mm, 200x200x30mm, 300x300x15mm, 300x300x20mm, 300x300x30mm, 230x113x15mm, 230x113x20mm, 230x113x30mm, 230x113x40mm, 230x113x65mm

Applications:

Our acid resistant bricks exporters are certified with ISO9001, ensuring that you're getting the highest quality product available. Our bricks are made with a chemical composition that includes SiO₂ at 69.8%, Al₂O₃ at 22.5%, K₂O at 2.7%, Na₂O at 0.95%, CaO at 0.82%, MgO at 0.12%, and Fe₂O₃ at 0.49%, with an acid resistant degree of 99.8%. Additionally, our bricks have a bulk density of 2.31-2.4 g/cm³.

Our acid resistant tiles are manufactured in Zhengzhou, China, at the Rongsheng Refractory Factory, using state-of-the-art production facilities and rigorous quality control systems. We offer a minimum order quantity of 1 ton, with a price range of 200-800USD. Payment terms include TT and L/C, and we have a supply ability of 2000 tons per month, with a delivery time of 20-30 days.

Our bricks are packed on wooden pallets, with a water-proof cover, and tightened with plastic/steel bandages, ensuring that your order arrives safely and securely. Additionally, we offer packaging and delivery options to suit your specific needs, including wooden pallets with plastic film or according to your request.

At Rongsheng Xinwei, we take pride in providing our customers with the highest quality products and professional support and after-sales service. When you choose us as your acid resistant bricks exporters, you can trust that you're getting the best product and service available.

Support and Services:

Our Refractory Acid Resistatn Bricks are designed to withstand high temperatures and harsh environments, providing reliable protection for your furnace. Our technical support team is available to assist with any questions regarding installation, maintenance, and troubleshooting. We also offer a range of services including regular inspections and repairs to ensure optimal performance of your furnace. Contact us to learn more about how our Furnace Refractory Bricks can benefit your operations.

Packing and Shipping:

Product Packaging:

The furnace refractory bricks will be packed in strong wooden crates with proper cushioning materials to ensure safe transportation.

Shipping:

The product will be shipped via sea or air transport depending on the customer's preference and urgency. The shipping cost will be borne by the customer and will be added to the final invoice. The estimated delivery time will be communicated to the customer once the order is confirmed.

FAQ:

Q1: What is the brand name of the Furnace Refractory Bricks?

A1: The brand name of the Furnace Refractory Bricks is Rongsheng Xinwei.

Q2: What is the minimum order quantity for the Furnace Refractory Bricks?

A2: The minimum order quantity for the Furnace Refractory Bricks is 1 Ton.

Q3: What is the delivery time for the Furnace Refractory Bricks?

A3: The delivery time for the Furnace Refractory Bricks is 20-30 days.

Q4: What are the payment terms available for the Furnace Refractory Bricks?

A4: The payment terms available for the Furnace Refractory Bricks are TT and L/C.

Q5: What is the supply ability for the Furnace Refractory Bricks?

A5: The supply ability for the Furnace Refractory Bricks is 2000 tons/month.
