Our Product Introduction

for more products please visit us on bricksrefractory.com

Basic Information

- Place of Origin: Zhengzhou, Henan, China
- Brand Name: Rongsheng Xinwei
- Certification: ISO Certification
- Model Number: SK-30, SK-32, SK-34, SK-35
- Minimum Order Quantity: 1 Ton
- Price: 200-800 USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 10-20 Days
- Payment Terms: TT; L/C
- Supply Ability: 2000 tons /month

Product Specification

- Alkali Resistance: High
- Durability: Long-lasting
- Fire Resistance: High
- Product Category: Fireclay Brick
- Product Name: Smooth Surface Fireclay Brick Low Price And High Temperature Resistance For Furnaces And Kilns
- Maintenance: Low
- Al₂O₃ Content: ≥38%
- Installation: Easy
- Highlight: **Furnaces And Kilns Fireclay Brick, Smooth Surface Fireclay Brick, High Temperature Resistance Fireclay Brick**

Product Description

Product Description:

Not only is this fireclay brick durable and long-lasting, but it also has a smooth surface that makes it easy to clean and maintain. Plus, its low porosity means that it will resist cracking and chipping over time, ensuring that you get the most out of your investment.

Whether you're a professional glassworker or a hobbyist, this fireclay brick is an essential tool for your craft. So why wait? Order your fireclay brick today and start seeing the benefits for yourself!

Features:

Product Name: Fireclay Brick
Weight: 2 Kg
Flexural Strength: High
Color: Red
Product Category: Fireclay Brick
Al₂O₃ Content: ≥38%

Buy fire clay brick for sale at a reasonable fireclay bricks price.

Technical Parameters:

Product Name:	Smooth Surface Fireclay Brick Low Price And High Temperature Resistance For Furnaces And Kilns
Product Category:	Fireclay Brick
Color:	Yellow
Al ₂ O ₃ Content:	≥38%
Mgo Content:	0.5-1.5%
Surface:	Smooth
Texture:	Smooth
Size:	230x114x65mm
Alkali Resistance:	High
Maintenance:	Low

Applications:

These fireclay bricks have high alkali resistance, making them ideal for use in glass kilns and other similar applications. They are long-lasting and durable, ensuring that they will provide excellent performance for a long time. The Mgo content of these bricks ranges from 0.5-1.5%, further enhancing their performance.

These fireclay refractory bricks can be used in a variety of applications, including:

Glass kilns
Ceramic kilns
Cement rotary kilns
Steel ladles
Coke ovens

These fireclay bricks come in a red color and are packed on wooden pallets, with a water-proof cover, and tightened with plastic/steel bandages. The supply ability is 2000 tons/month, and the delivery time is 10-20 days. Payment terms include TT and L/C.

If you're looking for fireclay brick tile for your high-temperature applications, Rongsheng Xinwei has you covered. Order now and experience the best price, high performance, and low porosity fireclay bricks in the market.
