

## Power Industry Anti-acid Bricks Furnace Refractory Bricks 230x114x65mm Standard Size By Rongsheng Refractory

Our Product Introduction

for more products please visit us on [bricksrefractory.com](http://bricksrefractory.com)

### Basic Information

- Place of Origin: Zhengzhou ,China
- Brand Name: Rongsheng Xinwei
- Certification: ISO9001
- Model Number: Rongsheng
- Minimum Order Quantity: 1 Ton
- Price: 200-800USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 20-30 Days
- Payment Terms: TT; L/C
- Supply Ability: 2000tons /month

### Product Specification

- Standard Size: 230x114x65mm
- Chemical Composition: SiO<sub>2</sub>: 69.8%, Al<sub>2</sub>O<sub>3</sub>: 22.5%, K<sub>2</sub>O: 2.7%, Na<sub>2</sub>O: 0.95%, CaO: 0.82%, MgO: 0.12%, Fe<sub>2</sub>O<sub>3</sub>: 0.49%, Acid Resistant Degree: 99.8%
- Bulk Density: 2.31-2.4 G/cm<sup>3</sup>
- Custom Sizes Available: Yes
- Applications: Chemical Industry, Metallurgical Industry, Construction And Environmental Protection, Power Industry
- Key Features And Advantages: Exceptional Acid Resistance, Superior High-Temperature Performance, Excellent Thermal Shock Resistance, Low Water Absorption, High Mechanical Strength
- Acid Resistant Degree: ≥99.8%

## Product Description

### Product Description:

Our Acid Resistant Bricks are manufactured by Henan Rongsheng Xinwei New Materials Research Institute Co., Ltd., a national high-tech enterprise with state-of-the-art production facilities and rigorous quality control systems. As a subsidiary of Henan Rongsheng Refractory Group, we have access to the latest research and technology in high-performance refractory new materials.

We offer a wide range of sizes to fit your specific furnace needs, including:

150x75x15mm  
150x75x20mm  
150x75x30mm  
150x150x15mm  
150x150x20mm  
150x150x30mm  
200x200x15mm  
200x200x20mm  
200x200x30mm  
300x300x15mm  
300x300x20mm  
300x300x30mm  
230x113x15mm  
230x113x20mm  
230x113x30mm  
230x113x40mm  
230x113x65mm

Our acid resistant bricks are designed to withstand high temperatures and harsh chemical environments, making them the perfect choice for furnaces in a variety of industries. And with our professional support and after-sales service, you can trust that you're getting the best possible product at an affordable price.

So why wait? Choose our Furnace Refractory Bricks for a reliable anti-corrosion solution that won't break the bank. Contact us today to learn more about our acid resistant bricks price and how we can help protect your furnace for years to come.

### Features:

Product Name: Acid Resistant Bricks

Features: Exceptional Acid Resistance, Superior High-Temperature Performance, Excellent Thermal Shock Resistance, Low Water Absorption, High Mechanical Strength

Bulk Density: 2.31-2.4 g/cm<sup>3</sup>

Thermal Stability: 130 -20 , Not crack, exfoliate and other damage phenomena

Chemical Composition: SiO<sub>2</sub>: 69.8%, Al<sub>2</sub>O<sub>3</sub>: 22.5%, K<sub>2</sub>O: 2.7%, Na<sub>2</sub>O: 0.95%, CaO: 0.82%, MgO: 0.12%, Fe<sub>2</sub>O<sub>3</sub>: 0.49%

Acid resistant degree: 99.8%

Key Features and Advantages:

Reliable Anti-Corrosion Solution

High-Quality Acid Resistant Bricks

Affordable Price

Also known as acid refractory bricks, anti acid tiles, and acid brick lining.

### Technical Parameters:

Packing & Delivery	Wooden pallets with plastic film or according to your request
Product Category	Furnace Refractory Bricks
Product Name	Reliable Anti-Corrosion Solution High-Quality Acid Resistant Bricks Affordable Price Furnace Refractory Bricks

Standard Size	230x114x65mm
Water Absorption	≤0.5%
Bulk Density	2.31-2.4 g/cm <sup>3</sup>
Company Profile	Henan Rongsheng Xinwei New Materials Research Institute Co., Ltd., headquartered in Zhengzhou City, Henan Province, is affiliated to Henan Rongsheng Refractory Group. It is a national high-tech enterprise integrating R&D, production and technical services of high-performance refractory new materials.
Anti Bending Strength	≥58.8 Mpa
Thermal Stability	130 -20 , Not crack, exfoliate and other damage phenomena
Applications	Chemical Industry, Metallurgical Industry, Construction and Environmental Protection, Power Industry

### Applications:

Our Rongsheng Xinwei Anti-acid Bricks are known for their acid-resistant degree of ≥99.8% and can be customized to your desired size. As a subsidiary of Henan Rongsheng Refractory Group, we are a national high-tech enterprise that integrates R&D, production, and technical services of high-performance refractory new materials. Our state-of-the-art production facilities, rigorous quality control systems, and professional support and after-sales service make us the ideal choice for your refractory brick needs.

Our anti-acid bricks are ideal for various applications such as acid tanks, chimneys, furnaces, and reactors in the chemical industry. They are also suitable for power plants, boilers, and kilns in the construction industry. Our wholesale acid proof bricks are perfect for companies looking for high-quality refractory bricks at a competitive price. Trust our Rongsheng refractory factory to provide you with durable and reliable furnace refractory bricks.

### Support and Services:

Furnace Refractory Bricks Product Technical Support:

- Our team of experts can provide technical support for the installation, maintenance, and repair of furnace refractory bricks.
- We can offer guidance on selecting the right type of refractory bricks for specific applications.
- Our technical support team can also assist with troubleshooting and problem-solving for any issues related to furnace refractory bricks.

Furnace Refractory Bricks Services:

- We offer installation services for furnace refractory bricks, ensuring proper placement and alignment for optimal performance.
- Our team can provide regular maintenance services to ensure the longevity and effectiveness of furnace refractory bricks.
- We also offer repair services for any damaged or worn refractory bricks, helping to extend the lifespan of your furnace.

### Packing and Shipping:

#### Product Packaging:

Standard wooden pallets  
 Wrapped in plastic and secured with steel bands  
 Each pallet contains 50 bricks  
 Each brick weighs approximately 6.5kg

#### Shipping:

Shipping available worldwide  
 Delivery time varies depending on location  
 Shipping costs will be calculated at checkout

### FAQ:

**Q1: What is the brand name of these furnace refractory bricks?**

A1: The brand name of these furnace refractory bricks is Rongsheng Xinwei.

**Q2: What is the model number of these furnace refractory bricks?**

A2: The model number of these furnace refractory bricks is Rongsheng.

**Q3: Are these furnace refractory bricks certified?**

A3: Yes, these furnace refractory bricks are ISO9001 certified.

**Q4: Where are these furnace refractory bricks made?**

A4: These furnace refractory bricks are made in Zhengzhou, China.

**Q5: What is the minimum order quantity for these furnace refractory bricks?**

A5: The minimum order quantity for these furnace refractory bricks is 1 ton.

**Q6: What is the price range for these furnace refractory bricks?**

A6: The price range for these furnace refractory bricks is between 200-800 USD.

**Q7: What are the payment terms for these furnace refractory bricks?**

A7: The payment terms for these furnace refractory bricks are TT and L/C.

**Q8: What is the supply ability for these furnace refractory bricks?**

A8: The supply ability for these furnace refractory bricks is 2000 tons per month.

**Q9: What is the delivery time for these furnace refractory bricks?**

A9: The delivery time for these furnace refractory bricks is between 20-30 days.

**Q10: How are these furnace refractory bricks packaged?**

A10: These furnace refractory bricks are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
