

High Temperature Resistant High Moisture Resistance Fireclay Refractory With Smooth Texture

Our Product Introduction

for more products please visit us on bricksrefractory.com

Basic Information

- Place of Origin: Zhengzhou, Henan, China
- Brand Name: Rongsheng Xinwei
- Certification: ISO Certification
- Model Number: SK-30, SK-32, SK-34, SK-35
- Minimum Order Quantity: 1 Ton
- Price: 200-800 USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 10-20 Days
- Payment Terms: TT; L/C
- Supply Ability: 2000 tons /month

Product Specification

- Flexural Strength: High
- Texture: Smooth
- Product Name: Rongsheng Best Price Refractory Fireclay
High Performance Low Porosity Fireclay
Bricks For Glass Kiln
- Mgo Content: 0.5-1.5%
- Durability: Long-lasting
- Weight: 2 Kg
- Efractoriness: 1750
- Surface: Smooth
- Highlight: **Smooth Texture Fireclay Refractory,
High Moisture Resistance Fireclay Refractory,
High Temperature Resistant Fireclay Refractory**

Product Description

Product Description:

Our fire clay bricks are carefully crafted from a blend of clay and other natural materials, then kiln fired to create a strong, dense material that can withstand high temperatures and heavy use. Whether you're building a new fireplace, lining a chimney, or constructing an oven or kiln, our fireclay bricks are the ideal choice.

One of the key benefits of our fire clay bricks is their exceptional durability. Unlike some other building materials, these bricks won't crack, warp, or deteriorate over time, ensuring that your structure remains solid and secure for years to come.

In addition to their durability, our fireclay bricks are also highly resistant to frost and moisture. Whether you live in a cold, snowy climate or a damp, humid one, these bricks will hold up to the elements and protect your structure from damage.

Finally, our fire clay bricks are lightweight and easy to handle, making them a great choice for DIY projects and professional installations alike. Whether you're a seasoned builder or a first-time DIYer, you'll appreciate the ease and convenience of working with our high-quality fireclay bricks.

So why wait? Order your fire clay bricks today and experience the many benefits of this durable, long-lasting building material. With our easy installation process, you'll have your project up and running in no time!

Features:

Product Name: Fireclay Brick

Maintenance: Low

Weight: 2 Kg

Size: 230x114x65mm

Texture: Smooth

Moisture Resistance: High

Looking for high-quality fireclay bricks? Our fireclay brick product is perfect for your needs. With low maintenance requirements and a smooth texture, our fireclay bricks are perfect for a variety of applications. At just 2 kg in weight and with a size of 230x114x65mm, our fireclay bricks are easy to handle and install. Plus, they offer exceptional moisture resistance, making them ideal for use in damp or wet environments. Contact us today to learn more about fire clay bricks price, fireclay bricks price, or fireclay brick tile.

Technical Parameters:

Mgo Content	0.5-1.5%
Alkali Resistance	High
Size	230x114x65mm
Frost Resistance	Yes
Refractoriness	1750
Installation	Easy
Flexural Strength	High
Durability	Long-lasting
Al ₂ O ₃ Content	≥38%
Texture	Smooth

Applications:

The Rongsheng Xinwei Fireclay Brick comes in four different models: SK-30, SK-32, SK-34, and SK-35, which makes it suitable for a wide range of applications. Its high flexural strength makes it perfect for use in industrial furnaces, boilers, and kilns.

The Rongsheng Xinwei Fireclay Brick is an ideal choice for use in a variety of different settings. It can be used in steel plants, cement plants, glass furnaces, and other high-temperature applications. Its high refractoriness means that it can withstand temperatures up to 1750 degrees Celsius, making it perfect for use in extreme heat conditions.

The Rongsheng Xinwei Fireclay Brick is easy to install, which means that it can be used by anyone, regardless of their technical expertise. It is also very durable, which means that it will last for a long time, even in harsh conditions. The Rongsheng Xinwei Fireclay Brick can be ordered in quantities as low as 1 ton, which makes it perfect for small businesses and hobbyists. The price ranges from 200 to 800 USD, depending on the model and the quantity ordered.

The Rongsheng Xinwei Fireclay Brick is packed on wooden pallets, with a water-proof cover, and tightened with plastic/steel bandages, ensuring that it is protected during transportation. It has a supply ability of 2000 tons per month, and the delivery time is usually between 10-20 days.

If you're looking for high-quality fire clay brick that is perfect for use in high-temperature applications, then the Rongsheng Xinwei Fireclay Brick is the perfect choice. Its high refractoriness, durability, and ease of installation make it the ideal choice for a wide range of applications.

Support and Services:

Our Fireclay Brick product offers a range of technical support and services to ensure optimal performance. These services include:

- Product selection assistance
- Installation guidance and support
- Custom product design and engineering
- Performance testing and analysis
- On-site technical support and troubleshooting
- Training and education for proper product use and maintenance

Our team of experts is dedicated to providing top-notch customer service and technical support to help you achieve the best results with our Fireclay Brick product.

Packing and Shipping:

Product Packaging:

- Fireclay bricks are packed in wooden crates to ensure safe transportation and handling.
- The crates are lined with moisture-resistant materials to protect the bricks from humidity and moisture.
- The bricks are securely stacked and cushioned with protective materials to prevent any damages during transit.

Shipping:

- We offer worldwide shipping for our Fireclay bricks.
- Shipping costs are calculated based on the weight and destination of the shipment.
- Customers can choose from a variety of shipping options, including air, sea, and land transportation.
- Orders are processed and shipped within 1-2 business days of payment confirmation.
