

High Flexural Strength Alumina Silica Refractory Bricks And Extended Kiln Life

Our Product Introduction

for more products please visit us on bricksrefractory.com

Basic Information

- Place of Origin: Zhengzhou ,China
- Brand Name: Rongsheng Xinwei
- Certification: ISO9001
- Model Number: Rongsheng
- Minimum Order Quantity: 1 Ton
- Price: 200-800USD
- Packaging Details: Packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages
- Delivery Time: 20-30DAYS
- Payment Terms: TT; L/C
- Supply Ability: 2000tons /month

Product Specification

- Product Name: Rongsheng Factory Price High Temperature Refractory Alumina Silica Fire Brick For Cement Plant
- Service Temperature: High
- Product Category: High Alumina Refractory Brick
- Feature: Good Thermal Shock Resistance
- Flexural Strength: $\geq 10\text{MPa}$
- Permanent Linear Change: Low
- Shape: Standard, Customized
- Refractoriness: 1580-1790°C
- Highlight: **High Flexural Strength Refractory Bricks, Customized Alumina Silica Refractory Bricks**

Product Description

Product Description:

Our Alumina Silica Refractory Bricks are available in a variety of colors, including white, yellow, brown, and more. No matter what your aesthetic preferences are, we have the perfect brick color to suit your needs.

One of the standout features of our Alumina Silica Refractory Bricks is their excellent thermal shock resistance. This means that they can withstand rapid temperature changes without cracking or breaking, making them perfect for use in furnaces and other high-temperature applications.

Our high alumina silica brick material also allows for high working temperatures, making them perfect for use in industries such as steelmaking, glassmaking, and more.

With brand new condition, our Alumina Silica Refractory Bricks are the perfect addition to your furnace. Order now and experience the benefits of high-quality, durable, and long-lasting high alumina silica brick material.

Features:

Product Name: Alumina Silica Refractory Bricks

Shape Type: Standard Straight Shape

Shape: Standard, Customized

Service Temperature: High

Color: White, Yellow, Brown, Etc.

Refractoriness: 1580-1790°C

Product Attributes: high alumina silica brick, alumina silica fire brick, alumina silica brick supplier

Technical Parameters:

Technical Parameters	Description
Product Name	Alumina Silica Brick
Supplier	Alumina Silica Brick Supplier
Shape	Standard, Customized
Color	White, Yellow, Brown, Etc.
Service Temperature	High
Features	High Working Temperature, Good Thermal Shock Resistance
Refractoriness	1580-1790°C
Packing	Wooden Pallet, Carton, Etc.
Strength	High
Compressive Strength	50-100 MPa
Shape Type	Standard Straight Shape

Applications:

This product is perfect for a variety of product application occasions and scenarios. It can be used in industries such as iron and steel, nonferrous metals, glass, cement, ceramics, and more. It is especially useful in high-temperature environments that require a lot of heat, such as furnaces, kilns, and boilers.

The Rongsheng Alumina Silica Refractory Bricks come in a variety of colors, including white, yellow, and brown, and have a high working temperature that makes them perfect for use in high-temperature environments. In addition, they have a high strength that helps to ensure that they will last for a long time.

One of the key features of this product is its ability to provide extended kiln life. This is due to its high-quality construction and its ability to withstand extreme temperatures without breaking down. This means that it will last longer than other types of bricks and will save you money in the long run.

When it comes to the specific product attributes, the Rongsheng Alumina Silica Refractory Bricks have a price range of 200-800USD, depending on the quantity ordered. They can be purchased using payment terms of TT or L/C, and have a supply ability of 2000 tons per month. They typically have a delivery time of 20-30 days and are packed on wooden pallets with a water-proof cover and tightened with plastic/steel bandages.

Overall, the Rongsheng Xinwei Alumina Silica Refractory Bricks product is a high-quality alumina silica fire brick that is perfect for a variety of product application occasions and scenarios. Whether you are working in the iron and steel industry, nonferrous metals, glass, cement, ceramics, or any other industry, this product is sure to meet your needs and exceed your expectations.

Support and Services:

Our Alumina Silica Refractory Bricks are designed to provide maximum performance in high-temperature applications. They offer superior resistance to thermal shock, abrasion, and chemical attack, making them ideal for use in various industrial settings. Our technical support and services for this product include:

Expert consultation on product selection and customization
Installation and maintenance guidance
Troubleshooting assistance for any issues that may arise
Training resources and support for your team

Our goal is to ensure that our customers get the most out of our Alumina Silica Refractory Bricks and achieve optimal performance in their operations. Contact us today to learn more about our technical support and services.

Packing and Shipping:

Product Packaging:

Our Alumina Silica Refractory Bricks come in sturdy wooden crates that ensure safe transportation and storage. The bricks are carefully stacked and secured to prevent any damage during transit.

Shipping:

We offer worldwide shipping for our Alumina Silica Refractory Bricks. The shipping cost and time may vary depending on the destination and quantity of the order. We use reliable shipping companies to guarantee timely and safe delivery of your order.

FAQ:

Q: What is the brand name of the Alumina Silica Refractory Bricks?

A: The brand name is Rongsheng Xinwei.

Q: What is the model number of the Alumina Silica Refractory Bricks?

A: The model number is Rongsheng.

Q: Is the product certified?

A: Yes, the product is certified with ISO9001.

Q: Where is the place of origin for the Alumina Silica Refractory Bricks?

A: The place of origin is Zhengzhou, China.

Q: What is the minimum order quantity for the Alumina Silica Refractory Bricks?

A: The minimum order quantity is 1 ton.

Q: What is the price range for the Alumina Silica Refractory Bricks?

A: The price range is between 200-800USD.

Q: What are the payment terms for the Alumina Silica Refractory Bricks?

A: The payment terms are TT and L/C.

Q: What is the supply ability per month for the Alumina Silica Refractory Bricks?

A: The supply ability is 2000 tons per month.

Q: How long is the delivery time for the Alumina Silica Refractory Bricks?

A: The delivery time is between 20-30 days.

Q: How are the Alumina Silica Refractory Bricks packaged?

A: The Alumina Silica Refractory Bricks are packed on wooden pallets, with water-proof cover, and tightened with plastic/steel bandages.
